CHARLOTTE

"The Bright Spot on the Map"

PREFACE

We herewith present Vol. XIV of the Charlotte City Directory. No more striking evidence of the growth of the City of Charlotte can be had than by reference to this book.

The directory is more than a mere list of residents with their occupation and addresses; it is a complete and accurate guide to your city, your government, your institutions and other organizations. It is a history of your City.

There is no publication in the world which gives the information contained in the city directory, therefore there is probably no other publication in which all the people are so vitally interested. To gather the data and compile a volume of this character is no easy task. It requires time, system, patience and experience, and incurs no little expense. Very few people have any idea of the work it means and the tenacity it takes to get out a complete directory.

The directory, therefore, is a publication which stands in a class to itself, and is one of the foremost enterprises of any city, for it is a salesman that is always "on the job." Therefore, it should receive your liberal support, for without such it cannot exist.

This volume contains 18,502 names of individuals. Using the conservative multiple 2½ times to represent the names of the women and children not included or counted, indicates a population of

46,255

In concluding we desire to thank our patrons for their support. We shall endeavor to deliver our next issue of the Charlotte Directory not later than May 15th, which is the proper time.

Yours truly

E. H. MILLER, Pres.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

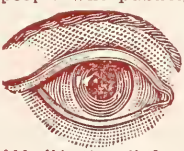
Eyeglasses Not Necessary

Eyesight Can Be Strengthened, and Most Forms of Diseased Eyes Successfully Treated Without Cutting or Drugging.

That the eyes can be strengthened so that eye glasses can be dispensed with in many cases has been proven beyond a doubt by the testimony of hundreds of people who publicly claim that their eyesight has been restored by that wonderful little instrument called "Actina." "Actina" also relieves sore and granulated lids, iritis, etc., and removes cataracts without cutting or drugging. Over 95,000 "Actinas" have been sold, therefore "Actina" is not an experiment, but a reliable method of treatment.



"Actina" can be used by old and young with perfect safety. It is impossible to do harm with one. Every member of the family can use the one instrument for any form of disease of the Eye, Ear, Throat or Head. One will last for years, and is always ready for use. It will be sent on trial, postpaid.

If you will send your name and address to the Actina Appliance Co., Dept. 218-N, 811 Walnut Street, Kansas City, Mo., you will receive, absolutely FREE, a valuable book—Professor Wilson's Treatise on Disease.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

The Evolution of a Great Idea

Its Stupendous Value to Humanity is being Daily Demonstrated.

The **PSYCHOMOTOR** is a simple mechanical device linking thought to material expression in a way to make leisure hours a source of delight and profit.

It serves a purpose, like that of the Typewriter, the Telegraph and the Telephone. It meets the logical requirement of a visible and objective assistant to mental and physical realization.

It is applicable to every phase of human life and expression.

It is an integral part of **THE SHELDON LEAVITT METHODS.**

For the Ill it is more Curative than Medicine; for the Unhappy it is a Wellspring of Joy, and for the Unsuccessful it is a Help to Better Things.

It is a means of curing many a heartache, removing many a pain, giving strength to the weak, courage to the fainthearted and prosperity to the poor.

It is a boon to everybody.

We shall be glad to tell you about it.

Address **MAGNUM BONUM ASSOCIATION, D** 4665 Lake Av., Chicago.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

All the Joys of LIFE--STRENGTH--YOUTH

may be returned to you through ***Vibration. For Vibration is Life itself.*** It will chase away the years like magic. Every nerve, every fibre in your whole body will fairly tingle with the force of your own ***awakened power!*** Stagnation simply cannot exist. ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

The Charlotte News

Published Every Evening and Sunday Morning

THIS old established paper goes into more Charlotte homes than any paper published in the City and, as evidence that it is the best advertising medium, it is only necessary to refer the public to its pages. You will find the oldest and most successful merchants and other business establishments using its columns; some occupying the same space that they have used for many years.

AS a *"Want Ad"* medium it is in a class all alone in its territory.

Good Printing

IT is by devoting careful attention to each job, large or small, that we produce good printing.

IN taking orders we pay strict attention to instructions in order that we may please the customer. We often ask several questions of the customer to ascertain his desires.

COMBINING our knowledge of the printing business with the customer's instructions we always produce printing that pleases in design, quality of stock and price.

WE have an excellent equipment, and a force of printers that know how to handle it in order to produce the best results.

WE have a good many points in our favor; but four very important ones: Guaranteed Work, Reasonable Prices, Prompt Delivery, and an Ever Readiness to serve you.

TRY us on your next order. Have our representative come to see you, show you samples, quote prices, and assist you in getting up your printing—copy, designs, etc.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Parker-Gardner COMPANY

No Moonshine—Just Plain, Unvarnished, *Cashable* Facts About Poultry Profits

If there ever was a straight-from-the-shoulder, look-me-in-the-eye and hold-up-your-right-hand statement of facts, you'll find it in JOEL M. FOSTER'S book, "THE MILLION EGG FARM."

Mr. Foster owns the famous Rancocas Poultry Farm, and in his book he tells his methods for producing upward of *eleven hundred thousand eggs a year* and piling a clean annual profit of close to $20,000.00

We *know* that the statements in this book are cold facts—because we proved them by an exhaustive investigation before publishing THE MILLION EGG FARM for distributing to Farm Journal subscribers. We have sold many thousand copies of this book, and we *know* from the actual experiences of those who have read and followed it, that these facts can be profitably applied by *you*—whether you have a dozen hens on a back lot, or number your fowls by the thousand.

Up in Scranton, Pa., a clerk, Robert Liddle by name, seeking to better his fortunes, read this book, followed its directions, and at last reports was cleaning up $17.00 a day profit on eggs.

In the light of such experiences, we *know* that farmers need this book. That's why we publish it and are trying to put it into the hands of every poultry owner. To *serve* the Farmer is the whole purpose of FARM JOURNAL. To serve him with sound advice regarding every branch of farm work.

To enable him to profit by the labor-saving and money-making discoveries of other farmers. To serve the farmer's wife with helpful suggestions. To serve the farmer and his entire family with clean, wholesome entertainment.

FARM JOURNAL has its own way of presenting facts in crisp, interesting, readable form. It is the National Farmer talking in a human, understandable, sympathetic way to the individual farmer. It is educational without being tiresome. It is bright, cheerful and *clean to the core*. Fakes, quacks and all other swindling advertisers are forever barred from its columns.

Upward of four million readers welcome its monthly visits. Two or three copies will make *you* a confirmed reader of Farm Journal. You *need* this paper and you *need* the MILLION EGG FARM book. None of us ever know so much about our work that we can't learn any more.
